

# FLAW DETECTION REDEFINED

Smarter decisions, faster.  
**Krautkrämer USM 100**

## Unmatched capability

Sleek but rugged, the USM 100 launches your inspections into the future with smartphone-like functionality.

It's the only digital native flaw detector on the market, so your team can make more informed decisions, faster.

- Ergonomic and easy to use in the toughest conditions
- Greater efficiency through remote access, data management and storage
- From the trusted pioneers of industrial ultrasound technology
